****Utility Construction Notice****

December 2, 2021

Dear Reunion Residents,

Please note that Tampa Electric Company (TECO) will be on site at Reunion for utility gas mainline construction approximately December 6 to 23. The purpose of the construction is to improve the gas supply for Reunion households. With the increased number of nearby homes, there has been a pressure drop and a larger gas mainline needs to be installed. This is a time sensitive project due to anticipated cooler temperatures in the coming weeks and months. Please note that the construction schedule is contingent on weather and other factors and subject to change without notice.

PLEASE USE EXTREME CAUTION! During construction, residents and guests should be on the lookout for temporary road closures, changes in traffic patterns, sidewalk closures, workers, and equipment. Equipment staging and site preparations are currently underway in the vicinity of Tradition Boulevard. Please drive with extra care and patience in construction zones. Pedestrians may be on the street due to sidewalk closures. There may be times when workers are working around the clock (through the night) to complete construction activities in high traffic or sensitive areas. The construction areas pictured below is on Tradition Boulevard from Sinclair Gate to the Interstate 4 Bridge.

Please contact the TECO Onsite Foreman with any urgent matters related to construction:

Shay Daughtery (813) 714-0718

Please contact CDD Field Operations Manager with any matters related to maintenance of CDD areas:

Alan Scheerer (407) 398-2890
Email: ascheerer@gmscfl.com

Please contact the District Management with any other CDD matters:

Tricia L. Adams, District Manager
(407) 841-5524 extension 138
Email: tadams@gmscfl.com
