## INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors Reunion East Community Development District Osceola County, Florida

#### **Report on the Audit of the Financial Statements**

#### Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Reunion East Community Development District, Osceola County, Florida ("District") as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2022, and the respective changes in financial position, thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Emphasis of Matter**

As discussed in Notes 6 and other notes to the basic financial statements, the debt service fund had a deficit fund balance of (\$12,715,100) at September 30, 2022. The District was unable to make debt service payments on the Series 2002 and 2005 Bonds since there are no special assessment revenues pledged to the Series 2002 and 2005 Bonds. The District's failures to make its scheduled debt service payments when they are due are considered events of default. The District is economically dependent on the Developer, Kingwood Orlando. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the District's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and reporting and compliance.

March 20, 2023

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Reunion East Community Development District, Osceola County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2022. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

#### FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position deficit balance of (\$1,020,122).
- The change in the District's total net position in comparison with the prior fiscal year was (\$472,890), a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2022, the District's governmental funds reported combined ending fund balances of \$2,068,482, a decrease of (\$1,227,439) in comparison with the prior fiscal year. The total fund balance is restricted for capital projects, non-spendable for prepaid items and deposits, assigned for maintenance reserves, and unassigned deficit fund balance in the debt service fund, and the remainder is unassigned fund balance in the general fund which is available for spending at the District's discretion.

## **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by assessments. The District does not have any business-type activities. The governmental activities of the District include the general government (management), recreation, public safety, roads and streets and maintenance functions.

#### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

## OVERVIEW OF FINANCIAL STATEMENTS (Continued)

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service and capital projects funds which are major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION							
SEPTEMBER 30,							
	2022	2021					
Current and other assets	\$ 17,778,642	\$ 17,275,646					
Capital assets, net of depreciation	43,850,091	46,023,578					
Total assets	61,628,733	63,299,224					
Current liabilities	16,448,707	14,580,598					
Long-term liabilities	46,200,148	49,265,858					
Total liabilities	62,648,855	63,846,456					
Net position							
Net investment in capital assets	6,452,821	5,538,902					
Unrestricted	(7,472,943)	(6,086,134)					
Total net position	\$ (1,020,122)	\$ (547,232)					

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The District's net position decreased during the most recent fiscal year. The majority of the decrease was due to a reduction in prepayment revenue in the current fiscal year.

Key elements of the change in net position are reflected in the following table:

FOR THE FISCAL YEAR ENDED SEPTEMBER 30,							
Revenues:	2022 2021						
Program revenues							
Charges for services	\$ 5,804,282 \$ 15,083,58	4					
Operating grants and contributions	8,572 21	9					
Capital grants and contributions	28,208 4	5					
General revenues							
Unrestricted investment earnings	41,414 5,82	4					
Miscellaneous		0					
Total revenues	5,894,728 15,090,17	2					
Expenses:							
General government	193,964 192,76	7					
Maintenance and operations	2,991,138 2,778,47	6					
Culture and recreation	84,987 72,80	0					
Public safety	725,759 723,42	9					
Roads and streets	37,588 40,42	8					
Interest	2,334,182 2,315,59	8					
Bond issuance costs	- 685,32	5					
Total expenses	6,367,618 6,808,82	3					
Change in net position	(472,890) 8,281,34	9					
Net position - beginning	(547,232) (8,828,58	1)					
Net position - ending	\$ (1,020,122) \$ (547,23	2)					

# CHANGES IN NET POSITION

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2022 was \$6,367,618. The costs of the District's activities were partially funded by program revenues. Program revenue was comprised primarily of assessments. The decrease in program revenues is primarily due to a large number of prepaid assessments received during the prior fiscal year. In total, expenses decreased due to bond issuance costs in the prior fiscal year.

## **GENERAL BUDGETING HIGHLIGHTS**

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2022.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

## Capital Assets

At September 30, 2022, the District had \$73,395,713 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of \$29,545,622 has been taken, which resulted in a net book value of \$43,850,091. More detailed information about the District's capital assets is presented in the notes of the financial statements.

## Capital Debt

At September 30, 2022, the District had \$45,620,000 in Bonds outstanding for its governmental activities. In addition, the District has not paid the \$15,630,070 of the unexchanged Bonds. More detailed information about the District's capital debt is presented in the notes of the financial statements.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District anticipates that operations will be consistent with the prior year, however construction will continue on the Series 2021 project.

## CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact the Reunion East Community Development District's Finance Department at 219 E. Livingston Street, Orlando, Florida 32801.

## REUNION EAST COMMUNITY DEVELOPMENT DISTRICT OSCEOLA COUNTY, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Net change in fund balances - total governmental funds	\$ (1,227,439)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures, however, in the statement of activities the cost of those assets is eliminated and capitalized as capital assets in the statement of net position.	84,012
Depreciation on capital assets is not recognized in the governmental fund statement but is reported as an expense in the statement of activities.	(2,257,499)
The change in accrued interest on long-term liabilities between the current and prior fiscal year is recorded in the statement of activities but not in the fund financial statements.	(137,674)
Amortization of Bond discounts/premiums is not recognized in the governmental fund financial statements, but is reported as an expense in the statement of activities.	25,710
Repayment of long-term liabilities are reported as expenditures in the governmental fund statement but such repayments reduce liabilities in the statement of net position and are eliminated in the statement of activities.	3,040,000
Change in net position of governmental activities	\$ (472,890)

#### REUNION EAST COMMUNITY DEVELOPMENT DISTRICT OSCEOLA COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS

## NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Reunion East Community Development District ("District") was established on September 24, 2001 by the Board of County Commissioners of Osceola County, Osceola County Ordinance 01-31, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes and expanded by Osceola County Ordinance 05-26. The Act provides, among other things, the power to manage basic services for community development and to levy and assess non-ad valorem assessments for the financing and maintenance of improvements.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at-large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:

- 1. Allocating and levying assessments.
- 2. Approving budgets.
- 3. Exercising control over facilities and properties.
- 4. Controlling the use of funds generated by the District.
- 5. Approving the hiring and firing of key personnel.
- 6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

#### Assessments

Assessments are non-ad valorem assessments on benefited property within the District. Operating and maintenance assessments are based upon the adopted budget and levied annually at a public hearing of the District. Debt service assessments are levied when Bonds are issued and assessed and collected on an annual basis. The District may collect assessments directly or utilize the uniform method of collection under Florida Statutes. Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by the County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the debt service assessments on their property subject to various provisions in the Bond documents.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

#### General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

#### Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

#### Capital Projects Fund

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

#### Assets, Liabilities and Net Position or Equity

#### **Restricted Assets**

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Assets, Liabilities and Net Position or Equity (Continued)

#### **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

The State Board of Administration's ("SBA") Local Government Surplus Funds Trust Fund ("Florida PRIME") is a "2a-7 like" pool. A "2a-7 like" pool is an external investment pool that is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The District has reported its investment in Florida PRIME at amortized cost for financial reporting purposes.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured and any unspent Bond proceeds are required to be held in investments as specified in the Bond Indenture.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

#### Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Capital Assets

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	Years
Roadways	30
Stormw ater management	30
Recreational facility and amenities	20
Entry features	30
Electrical, communications and lighting	20
Landscaping and irrigation	15

## NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Capital Assets (Continued)

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### **Unearned Revenue**

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

#### Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

<u>Committed fund balance</u> – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

<u>Assigned fund balance</u> – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Assets, Liabilities and Net Position or Equity (Continued)

#### Fund Equity/Net Position (Continued)

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

#### **Other Disclosures**

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## **NOTE 3 – BUDGETARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearing(s) are conducted to obtain comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board, unless otherwise delegated by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

## **NOTE 4 – DEPOSITS AND INVESTMENTS**

#### **Deposits**

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

## NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

#### **Investments (Continued)**

The District's investments were held as follows at September 30, 2022:

	Amortized Cost		Credit Risk	Maturities
				fund portfolio: Under 90
First American Government Obligation Fund Class Y	\$	11,394,170	S&PAAAm	days
				Weighted average of the
Local Government Surplus Trust Funds (FL PRIME)		4,882,197	S&PAAAm	fund portfolio: 21 days
US Bank Money Market Accounts		759,993	N/A	N/A
Total Investments	\$	17,036,360		

*Credit risk* – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

*Interest rate risk* – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

*Fair Value Measurement* – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs other than quoted market prices are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. For external investment pools that qualify to be measured at amortized cost, the pool's participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, the District's investments have been reported at amortized cost above.

## NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

## **Investments (Continued)**

External Investment Pool – With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days." With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100% of their account value.

## **NOTE 5 – CAPITAL ASSETS**

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental activities	Dalarice	Additions	Deletions	Dalance

Governmental activities capital assets, net	\$ 46,023,578	\$ (2,173,487)	\$-	\$ 43,850,091

Capital asset activity for the fiscal year ended September 30, 2022 was as follows:

## NOTE 5 – CAPITAL ASSETS (Continued)

The Districts master infrastructure continues to be constructed in phases. During the prior fiscal year the District issued the Series 2021 Bonds in order to finance infrastructure improvements associated with Phase 3. The total estimated costs to complete Phase 3 are \$23,735,095. The Phase 3 infrastructure improvements will include roadways, potable water and wastewater systems, stormwater facilities, electrical utilities, irrigation, parks, recreational facilities, and a connector. A portion of the project costs was expected to be financed with the proceeds from the issuance of Bonds with the remainder to be funded by EHOF Acquisitions II LLC and conveyed to the District. Upon completion, the potable and wastewater systems, electrical utility systems, and connector are to be conveyed to others for ownership and maintenance responsibilities.

Depreciation expense was charged to function/programs as follows:

Governmental activities:	
Maintenance and operations	\$ 1,687,741
Culture and recreation	569,758
Total	\$ 2,257,499

#### **NOTE 6 – LONG-TERM LIABILITIES**

#### Series 2002

On August 8, 2002, the District issued \$73,620,000 of Special Assessment Bonds, Series 2002 consisting of multiple Term Bonds with maturity dates from May 1, 2008 to May 1, 2033 and fixed interest rates ranging from 5.9% to 7.375%. The Bonds were issued to payoff the Bond Anticipation Notes issued on December 28, 2001 for \$10,000,000 and to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is to be paid semiannually on each May 1 and November 1. Principal on the 2002A Bonds is to be paid serially commencing May 1, 2005 through May 1, 2033.

The Series 2002 Bonds were trifurcated in January 2012 and then restructured in 2015 resulting in a remaining balance of the Series 2002 Bonds of \$6,275,000 ("Unexchanged Bonds"). All other remaining balances were either included in the new 2015 issues or were cancelled. Payment on the remaining Series 2002 Bonds is subordinate to the 2015 issues and is to be paid solely from the unexchanged 2002 Bond Assessments as defined in the bond indentures.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was not in compliance with the requirements at September 30, 2022.

#### Series 2005

On March 1, 2005, the District issued \$18,880,000 of Special Assessment Bonds, Series 2005, due on May 1, 2036 with a fixed interest rate of 5.80%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is to be paid semiannually on each May 1 and November 1. Principal on the 2005 Bonds is to be paid serially commencing May 1, 2008 through May 1, 2036.

The Series 2005 Bonds were trifurcated in January 2012 and then restructured in 2015 resulting in a remaining balance of the Series 2005 Bonds of \$6,440,000 ("Unexchanged Bonds"). All other remaining balances were either included in the new 2015 issues or were cancelled. Payment on the remaining Series 2005 Bonds is subordinate to the 2015 issues and is to be paid solely from the unexchanged 2005 Bond Assessments as defined in the bond indentures.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was not in compliance with the requirements at September 30, 2022.

## NOTE 6 – LONG-TERM LIABILITIES (Continued)

Both the Series 2002 and 2005 Bonds are in default. In accordance with the Bond Exchange discussed below, a portion of Series 2002 and 2005 Bonds were exchanged and a portion are to remain outstanding as unexchanged Series 2002 and 2005 Bonds. There are no special assessment revenues pledged to the unexchanged Series 2002 and 2005 Bonds, therefore the District has missed its scheduled debt service payments on the Series 2002 and 2005 Bonds in the current fiscal year as well as previous fiscal years. The debt service fund has a deficit fund balance of (\$12,715,100) as of September 30, 2022.

#### Bond Exchange – Series 2015 Restructured Bonds

In June 2015, \$8,795,000 of the Series 2002 Bonds and \$10,440,000 of the Series 2005 Bonds were exchanged for \$7,245,000 Series 2015-1 Bonds, due May 1, 2033 with a fixed interest rate of 6.6%, \$8,475,000 Series 2015-2 Bonds, due May 1, 2036 with a fixed interest rate of 6.6% and \$3,515,000 Series 2015-3 Bonds, due May 1, 2033 with a fixed interest rate of 6.6%. The Series 2015 Bonds were paid off during the prior fiscal year.

#### Series 2015A

On June 30, 2015 the District issued \$30,710,000 of Special Assessment Refunding Bonds, Series 2015A consisting of multiple Term Bonds with due dates from May 1, 2020 to May 1, 2033 and fixed interest rates ranging from 4.0% to 5.0%. The Bonds were issued to refund a portion of the Series 2002A-1 Bonds. Interest is to be paid semiannually on each May 1 and November 1. Principal on the Bonds is to be paid serially commencing May 1, 2016 through May 1, 2033.

The Series 2015A Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2022.

#### Series 2021

During July 2021, the District issued \$20,355,000 of Special Assessment Bonds, Series 2021 consisting of Term Bonds due ranging from May 1, 2026 to May 1, 2051 and fixed interest rates ranging from 2.4% to 4.0%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is to be paid semiannually on each May 1, and November 1, commencing November 1, 2021 and the principal on the bonds is to be paid serially commencing May 1, 2022 through May 1, 2051.

The Series 2021 Bonds are subject to optional redemption, mandatory sinking fund and extraordinary mandatory redemption at the times, in the amounts, and at the redemption prices more fully described in the Redemption Provisions as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2022.

## NOTE 6 – LONG-TERM LIABILITIES (Continued)

#### Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2022 were as follows:

	Beginning					Ending	Due Within
	Balance	Additio	ns	R	eductions	Balance	One Year
Governmental activities							
Bonds payable:							
Series 2002	\$ 2,235,000	\$	-	\$	590,000	\$ 1,645,000	\$-
Series 2005	2,865,000		-		575,000	2,290,000	-
Series 2015A	23,205,000		-		1,450,000	21,755,000	1,525,000
Add: original issue premium	103,800		-		8,834	94,966	-
Series 2021	20,355,000		-		425,000	19,930,000	435,000
Add: original issue premium	502,058		-		16,876	485,182	-
Total	\$ 49,265,858	\$	-	\$	3,065,710	\$ 46,200,148	\$ 1,960,000

At September 30, 2022, the scheduled debt service requirements on the long-term debt were as follows:

Year ending						
September 30:	Principal Inter		Interest	Total		
2023	\$	1,960,000	\$	1,772,513	\$	3,732,513
2024		2,045,000		1,685,823		3,730,823
2025		2,140,000		1,595,143		3,735,143
2026		2,230,000		1,499,973		3,729,973
2027		2,335,000		1,400,563		3,735,563
2028-2032		13,430,000		5,298,418		18,728,418
2033-2037		5,555,000		2,698,563		8,253,563
2038-2042		3,565,000		2,061,280		5,626,280
2043-2047		4,305,000		1,354,200		5,659,200
2048-2051		4,120,000		420,000		4,540,000
Total	\$	41,685,000	\$	19,786,476	\$	61,471,476

The unexchanged bonds are not included above as the Bonds have not been resized.

## NOTE 7 – LITIGATION & CLAIMS

During a previous fiscal year, the District received correspondence dated May 4, 2016 regarding potential litigation involving the U.S. Bank Bond Trustee and a significant landowner (the former Developer) within the District regarding the possible imposition of debt assessments on certain unassessed parcels within the boundary of the District to pay the debt due on the Unexchanged Bonds (the 2002 and 2005 Bonds). The Trustee's counsel and the landowner were unable to negotiate a settlement, which would have eliminated the District as a party. During the prior fiscal year the original landowner sold its ownership interests in the land to the current Developer. The Trustee's counsel contacted the District after the end of the Fiscal Year with questions regarding this matter and its allegation that the current Developer, as successor landowner, is responsible for these assessments. The District may impose debt assessments on the unassessed parcels in an attempt to resolve the matter; if unsuccessful, the District could be involved in legal or equitable actions with the Trustee and/or Develop. The District has had limited communication with the new Developer on this matter, but with the Trustee's recent contact, it is likely that the claims will be revisited and legal action might result.

In addition, the prior landowner failed to turnover certain irrigation improvements to the district prior to selling its interests to the new Developer. The District sent a demand letter to the Developer in February 2020 and the parties are continuing to negotiate a resolution to the issues of the ownership and operation of these improvements. If the negotiation are not successful, litigation could ensue.

## **NOTE 8 – DEVELOPER TRANSACTIONS**

The Developer and EHOF Acquisitions II LLC own a portion of land within the District; therefore, assessment revenues in the general and debt service funds include the assessments levied on those lots owned by the Developer and EHOF Acquisitions II LLC.

## NOTE 9 – CONCENTRATION

The District's activity is dependent upon the continued involvement of the Developer and EHOF Acquisitions II LLC, the loss of which could have a material adverse effect on the District's operations.

## NOTE 10 - MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

## NOTE 11 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims over the past three years.

## NOTE 12 – SHARED MAINTENANCE COSTS WITH REUNION WEST CDD

The District has an agreement with Reunion West CDD to share certain maintenance costs, including utilities and pool maintenance costs. The shared costs are allocated on a similar percentage basis as shared infrastructure with 53% allocated to Reunion East and 47% allocated to Reunion West during the current fiscal year. The majority of the costs are paid by Reunion East which is then reimbursed by Reunion West for its proportionate share. The District's portion of these shared costs for the fiscal year ended September 30, 2022 was approximately \$1,257,849, of which \$216,070 is due from Reunion West at September 30, 2022.

## **NOTE 13 – SUBSEQUENT EVENTS**

#### Missed Debt Service Payments

The District had insufficient funds to make the November 1, 2022 scheduled debt service payments due on both the Series 2002 and Series 2005 Bonds. Consequently, the payments were not made which is considered an event of default under the Bond Indenture.

#### Bond Payments

Subsequent to fiscal year end, the District prepaid a total of \$10,000 of the Series 2015A Bonds. The prepayments were considered extraordinary mandatory redemptions as outlined in the Bond Indenture.

#### **Developer Transactions**

Subsequent to fiscal year end the District acquired infrastructure improvements from the Developer at a cost of \$8,272,642.

#### REUNION EAST COMMUNITY DEVELOPMENT DISTRICT OSCEOLA COUNTY, FLORIDA SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE - BUDGET AND ACTUAL – GENERAL FUND FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

#### REUNION EAST COMMUNITY DEVELOPMENT DISTRICT OSCEOLA COUNTY, FLORIDA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2022, the current fiscal year.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Reunion East Community Development District Osceola County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Reunion East Community Development District, Osceola County, Florida ("District") as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated March 20, 2023, which includes an emphasis of a matter paragraph.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the District in a separate letter dated March 20, 2023.

The District's responses to the findings identified in our audit are described in the accompanying Management Letter. We did not audit the District's responses and, accordingly, we express no opinion on them.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors Reunion East Community Development District Osceola County, Florida

We have examined Reunion East Community Development District, Osceola County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2022. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2022.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Reunion East Community Development District, Osceola County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

March 20, 2023

## MANAGEMENT LETTER PURSUANT TO THE RULES OF THE AUDITOR GENERAL FOR THE STATE OF FLORIDA

To the Board of Supervisors Reunion East Community Development District Osceola County, Florida

## **Report on the Financial Statements**

We have audited the accompanying basic financial statements of Reunion East Community Development District, Osceola County, Florida ("District") as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 20, 2023, which includes an emphasis of a matter paragraph.

## Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

## **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 20, 2023, should be considered in conjunction with this management letter.

#### Purpose of this Letter

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General for the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. Current year findings and recommendations.
- II. Status of prior year findings and recommendations.
- III. Compliance with the Provisions of the Auditor General of the State of Florida.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, management, and the Board of Supervisors of Reunion East Community Development District, Osceola County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Reunion East Community Development District, Osceola County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

## **REPORT TO MANAGEMENT**

#### I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

#### 2021-02: Financial Condition Assessment

<u>Observation</u>: The prior Developer failed to pay assessments on both the Series 2002 and 2005 Bonds and there are currently no special assessment revenues pledged to the Series 2002 and 2005 Bonds. The District did not make any of the schedule debt service payments on the Series 2002 and 2005 Bonds during the current fiscal year. Also, the District is not in compliance with the reserve requirements for the Series 2002 and 2005 Bonds. In addition, the debt service fund reported a deficit fund balance of (\$12,715,100) at September 30, 2022.

Recommendation: The District should continue to take the necessary steps to alleviate the situation.

<u>Management response</u>: The Series 2015, Special Assessment Refunding Bonds ("Series 2015 Bonds") were issued in order to refund defaulted Special Assessment Bonds, Series 2002A-2 and Series 2005 (collectively "Prior Bonds"). However, at the request of the debt holders of the Prior Bonds, the Series 2015 Bonds did not refund 100% of the Prior Bonds leaving a portion of the Prior Bonds outstanding and in default (collectively "Un-exchanged Bonds"). The Un-exchanged Bonds debt holders have made a formal request of the District to review all properties within the District and determine if any of the Un-exchanged Bonds can be assigned to property within the District. The District Manager is currently working with District Counsel and the District Engineer to undertake this review. To the extent the Un-exchanged Bonds can be assigned to property they will. In the absence of the assignment of the Un-exchanged Bonds, the debt holders will need to cancel them to resolve the default.

## **II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS**

#### 2020-01: Financial Condition Assessment 2021-01: Financial Condition Assessment

Current Status: Matter is not resolved. See current year finding above.

## III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2021, except as noted above.

2. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2022, except as noted above.

## **REPORT TO MANAGEMENT (Continued)**

# III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA (Continued)

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2022, except as noted above.

- 4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.
- 5. In connection with our audit, we determined that the District has met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes. The District failed to make certain scheduled debt service payments due on the Series 2002 and Series 2005 Bonds, as a result of a lack of funds. We applied financial condition assessment procedures pursuant to Rule 10.556(7) and determined that a deteriorating financial condition was noted. See Findings section above for additional information. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
- 6. Management has provided the specific information required by Section 218.39(3)(c) in the Other Information section of the financial statements on page 27.
