FIRST ORDER OF BUSINESS

Roll Call

Ms. Adams called the meeting to order at 1:10 p.m. and called the roll. All Supervisors were present.

SECOND ORDER OF BUSINESS

Public Comment Period

There being no comments, the next item followed.

THIRD ORDER OF BUSINESS

**Approval of the Minutes of the April 11
2024 Board of Supervisors Meeting**

Ms. Adams presented the minutes of the April 11, 2024 Board of Supervisors meeting, a draft of which were included in the agenda package. Corrections were received from Supervisor Greenstein on Page 9 of 16, clarifying the language in the motion for the Chairman to provide a counteroffer for the easement access and correcting a dollar amount on Page 4.

On MOTION by Mr. Goldstein seconded by Mr. Dryburgh with all in favor the Minutes of the April 11, 2024 Board of Supervisors Meetings were approved as amended.

FOURTH ORDER OF BUSINESS

**Consideration of Sign Installation Request
from The Crescent at Reunion**

Ms. Adams received a request from the developer of The Crescent at Reunion, to install signage, which was included in the agenda package, along with the proposed signage locations, verbiage, layout and design of the sign. District Counsel reviewed the signage and was concerned that it could be construed as commercial. There was a recommendation from the Reunion West CDD Board to simplify the signage, to include the logo, address and directional arrows, in order to conform to other signage that had been approved for CDD right-of-way (ROW), including the white posts with the end caps, an arch across the top and inclusion of the Reunion logo. The Reunion West CDD Board deferred this item, as a revision would be provided at the next meeting for Board consideration and Ms. Adams questioned whether this CDD Board wanted to do the same. There was Board consensus to defer this item.

FIFTH ORDER OF BUSINESS

**Consideration of Resolution 2024-04
Relating to the 2024 General Election and
Qualifying Period Procedure**

Ms. Adams presented Resolution 2024-04, memorializing a General Election in November of 2024 for Seat 2, currently held by Mr. Steve Goldstein and Seat 4, currently held by Mr. John Dryburgh. The CDD was required by Statute to announce on the record, the qualifying period, which was from Noon on June 10, 2024 through Noon on June 14, 2024, which was stated on Exhibit A attached to the resolution. There was also contact information for the Osceola County Supervisor of Elections office, who would facilitate the election and could answer any questions

regarding qualifying for the election. In order to qualify, the individual must be at least 18 years old, a citizen of the United States and State of Florida, registered to vote in Osceola County and reside within the Reunion East CDD boundaries. Ms. Adams recalled at the Reunion West CDD meeting, Board Members considered a similar resolution and at that time, directed staff to send out a message via electronic mail, notifying residents of the Reunion West CDD, which seats would be up for election at the General Election, the qualifying period, and declarations from the two Board Members, whose seats were up for election, of their intention to qualify. The notice was subject to final approval by District Counsel. Mr. Dryburgh asked if they ever did this before and if not, why they were doing it now. Ms. Adams confirmed it was never done before, as it was not required by Florida Statutes, but it was being considered for continuity between Reunion East and Reunion West. Reunion West was doing it in the spirit of communication and transparency, in order to be as informative as possible. Mr. Goldstein and Mr. Dryburgh had no issue declaring on the record about their intention to run and both declared their intention to run. Mr. Greenstein felt that it was the right thing to do, as they were one community and there was one process. Mr. Goldstein questioned why they were spending money to do something that they were not required to do. Mr. Greenstein pointed out that there was no cost to do so, as it was sent out by e-blast. *There was Board consensus for staff to send out a parallel announcement to what Reunion West CDD did, notifying stakeholders about the upcoming election and qualification period.*

On MOTION by Mr. Greenstein seconded by Ms. Hobbs with all in favor Resolution 2024-04 Relating to the 2024 General Election and Qualifying Procedure was approved.

SIXTH ORDER OF BUSINESS

Consideration of Resolution 2024-05 Approving Entering into a Contract with All County Paving Inc. to Provide Paving and Related Services

Ms. Trucco presented Resolution 2024-05, Approving Entering into a Contract with All County Paving Inc. (All County), to provide paving and related services, which was included in the agenda package. This related to the public bidding process under Chapter 190, that the CDD was required to follow for certain contracts that exceeded \$195,000. There was a Request for a Proposal (RFP), for the roadways that Mr. Curley and Mr. Goldstein were working on. The Board was advised at the last Board meeting, that no responsive bids were received, in response to the

RFP. As a result, Ms. Trucco reviewed the CDD's adopted Rules of Procedure, which state that the Board was permitted to take whatever steps were reasonably necessary, in order to proceed with the procurement of a service contract, if no responsive bids were received through the public bidding process, which occurred here. Therefore, the District was not required, at this time, to piggyback off of another contract with a government agency, even though there was an option to do so. The purpose of this resolution was to allow the CDD to enter into a contract with All County Paving, which Mr. Curley was working with, under the original plan to piggyback off of their contract. The Reunion West CDD Board received the same resolution and tabled it until they were able to obtain additional details regarding speed tables.

Mr. Curley indicated that the Maintenance of Traffic (MOT) amount in the proposal was high, in order to keep everything organized within the community and provide the least amount of disruption as possible within the community, by providing additional flaggers to direct traffic. It was high, but this was what needed to happen. The unit price for asphalt and milling, was close to the engineers estimate of \$18 per linear foot, which was the majority of the cost. The pavement marking cost did increase, since it was for a double yellow line and thermoplastic. At first, they were just going to paint it, but there must also be thermoplastic to maintain traffic through that area. The cost for speed tables was \$9,800 each. Ms. Adams recalled that the Reunion West CDD Board requested that the District Engineer provide a detailed exhibit in the next agenda package, including locations for each speed table. Ms. Wispelwey pointed out there were several locations that were optional and for a cost of almost \$10,000, they may not need any speed tables. Mr. Goldstein questioned the type of speed table for \$9,800. Mr. Curley confirmed that it was an asphalt speed table that would be built into the road. Mr. Goldstein suggested installing screwed down speed tables. Mr. Scheerer pointed out that using bolts on the road would compromise the integrity of the asphalt, which would require patching at some point.

Mr. Goldstein respected Mr. Scheerer's opinion but felt that there needed to be further discussion before they spent money on speed tables. Ms. Adams pointed out this was the reason that the Reunion West CDD Board preferred to have a detailed discussion regarding the speed tables, because they were completely optional. Another item that the Reunion West CDD Board discussed was not having speed tables at the golf cart crossings and only at locations where there was the buildup of speed. Mr. Goldstein felt this made sense. Mr. Dryburgh asked if they could have speed tables on both sides of Reunion Boulevard, one concrete and the other bolted. Ms.

Adams confirmed that this was not a recommendation from staff, as far as the integrity of the roadway; however, it was always an option, if the Board decided not to put in speed tables as part of the pavement maintenance work and consider it at a future time. The Board wanted to know the cost difference, locations, how often they would need to be replaced and the length. Mr. Scheerer anticipated the speed tables lasting a few years and would go from one edge of the asphalt to the other, give or take a few inches. Mr. Goldstein requested a ballpark number before the Board made a decision. Mr. Curley offered to go back to All County Paving and obtaining a better price. Mr. Greenstein questioned why other contractors did not submit bids. Mr. Curley explained that it was due to the location and the size of the contract.

Ms. Wispelwey questioned the amount budgeted for this project. Ms. Adams confirmed that the estimated amount for pavement management and traffic calming was \$500,000 for the fiscal year, but the proposed amount was \$903,086.71, which was the Reunion East portion. The Reunion West portion with all of the speed tables, was \$235,838. The proposals were higher than what was anticipated last year, when a placeholder was included in the budget, but there was some scope escalation with additional pavement markings and traffic calming. However, the District had funding available to proceed. Ms. Wispelwey felt that the Board should be doing their due diligence and questioned whether the proposal included paver work, as there were some locations where the pavers degraded over time. Mr. Scheerer confirmed that there were pavers at the crosswalks on Spine Road, on Grand Traverse Parkway and on Gathering Drive, but it was not included in the proposal. Mr. Greenstein pointed out that it must be separately contracted for but recalled an immediate paver repair at Spine Road and Tradition Boulevard. Mr. Scheerer noted they were repaired as needed. This item was deferred to the June meeting and Mr. Curley would include a negotiated proposal and exhibits identifying each section and speed table locations. Ms. Wispelwey requested it prior to the meeting.

SEVENTH ORDER OF BUSINESS

Staff Reports

A. Attorney

Ms. Trucco was continuing to work on the Traffic Enforcement Agreement with the Osceola County Sheriff's Department (OCSD), regarding some of the terms and provided a draft to the OCSD. It was made clear to them that staff had no authority to approve the agreement, on behalf of the CDD and it must come back to the Board for their review and approval. Mr. Goldstein requested a copy of what was sent to OCSD. Ms. Trucco explained that someone was issued a

ticket and complained about it, because the roads were owned by the CDD and there were other issues where people called the Sheriff's Department and were informed that they did not have traffic enforcement ability within the jurisdiction of the CDD, because the roads were mistakenly thought to be private. At one point, staff thought that there was a communication issue with the Sheriff's Department and there were multiple efforts to try to talk to them and make them understand that these were public roadways owned by the CDD within both Reunion West and East. In addition, there were Federal Laws, stating that if the CDD, as a government, were issuing tax exempt bonds and financing properties such as the roadways, they could not restrict the public from using it. As a result, this influenced the Board to direct staff to enter into the Traffic Enforcement Agreement with the Sheriff's Department, because they said that they would not provide those services, if that agreement wasn't entered into.

Mr. Goldstein pointed out that the Board never intended for there to be an agreement and wanted to find out why the Sheriff's Department was not doing their job, as residents pay taxes and their roads were public. Ms. Trucco explained in their initial conversations with the Sheriff's Department, because the county did not own the roadways, they cited a Statute in Florida Law, whereby an agreement could be entered into between the county, the Sheriff's Department and the Special District, meaning the CDD, in order for traffic enforcement services to be provided. Therefore, they required an agreement, in order to provide these services. Ms. Wispelwey questioned why this CDD was the first CDD to do this. Ms. Adams confirmed that this was not the first CDD in the State of Florida to do this, as three other Districts that she managed, recently required a Traffic Enforcement Agreement. The CDD had the same limited powers with or without the agreement, but having a Traffic Enforcement Agreement memorialized traffic enforcement powers and helped the law enforcement team feel more comfortable. Mr. Dryburgh was frustrated that every time they heard something from the police, they had another reason why they could not finalize the Traffic Enforcement Agreement and questioned what major objections they had. Mr. Dryburgh asked if the CDD could provide them with a letter granting them access to provide enforcement and issue tickets versus having this agreement. Ms. Trucco understood that OCSD would not provide any services unless the Traffic Enforcement Agreement was entered into.

Mr. Goldstein asked if the Board was able to specify what they were going to enforce. Ms. Trucco confirmed that it was for traffic enforcement, because the CDD did not have police powers. The Law only gives the CDD the right to adopt Parking and Towing Rules, which the CDD

adopted, but did not have the authority to stop someone driving under the influence or speeding. Ms. Adams recalled that a Lieutenant from OCSD, attended a CDD meeting, at the request of the Board and ultimately the Sheriff's Office stated that they preferred to have an agreement. Mr. Dryburgh believed that until they had an agreement, requiring them to come into the community to provide enforcement, OCSD would ignore them. Mr. Greenstein pointed out that the CDD operated for 15 years with nothing in writing and over the years, they had some flagrant violations of speeding. However, innocent people got ticketed and not the major violators. The CDD was in a unique situation, because it was a Special District and not an unincorporated county, which was why OCSD required an agreement. Mr. Goldstein suggested finding out why Margaritaville was forced to open their gates. Ms. Adams explained that the Margaritaville gates were managed by an association and the logistics evolved.

Ms. Hobbs pointed out whether or not they had this agreement, the police could request the guards to open the gate. Ms. Adams explained that it did not change the powers that the CDD had, nor the powers of the OCSD and only memorialized the language in the Florida Statutes that OCSD could patrol and enforce traffic on public roadways, including roadways that were maintained by the Reunion East and West CDDs. Ms. Wispelwey felt that the CDD was not high on OCSD's priority list and this was a complicated issue that the Board needed to discuss, as there was already pushback from people living in the community, who were concerned that it would impact their rental properties and their ability to drive golf carts. Mr. Goldstein agreed, as people who had golf carts, that were not street legal, would be upset. Mr. Greenstein noted they were operating in a controlled, safe, comfortable manner, until OCSD tried to disrupt things by asking for this agreement and suggested changing the language, as it was considered a Memorandum of Understanding (MOU), explaining the rules of the road. Ms. Trucco clarified her statement that this agreement was needed and would confirm with OCSD, that they would not provide traffic enforcement services without this agreement. Ms. Wispelwey questioned whether OCSD would actually provide enforcement, because they were told that they did not have the staff. Mr. Greenstein believed that they were doing this as a way to support their staffing levels. Ms. Trucco recalled that there were also a liability and indemnification issues, for the CDD being responsible for the signage and re-paving.

As a first step, Ms. Trucco wanted to clarify with OCSD whether without this agreement, they would not provide traffic enforcement services. As far as golf carts on roads owned by the

CDD, Ms. Trucco advised that the CDD did not have the authority to decide whether or not to allow it and deferred to the county, as there was a State Statute whereby county or municipalities must designate the roads permissible for golf cart use. Mr. Greenstein asked if golf carts were included in the Traffic Enforcement Agreement. Ms. Trucco confirmed it was not included and Mr. Greenstein requested that it not be in there, as the Board could decide when to call in for police enforcement to monitor traffic; however, it would not just be for traffic enforcement, which would expose the CDD to other issues. Ms. Adams explained that what was reported by the Sheriff's Office on the record, was that they prioritize traffic enforcement based on accident and crash reports; however, CDDs did not have a high volume of accident or crash reports. However, there was an ability to engage law enforcement for enhanced traffic enforcement, but this was not the purpose of this agreement, as the purpose was for the Sheriff's Office to be in agreement that these were public roads and they had law enforcement powers, including traffic enforcement. Mr. Goldstein was concerned because the last version of the agreement that he reviewed, stated that it enforced all Florida Laws, including golf carts. Mr. Dryburgh recommended postponing this matter until the Board reviewed the Traffic Enforcement Agreement. *There was Board consensus for District Counsel to provide a draft of the agreement to the Board as soon as possible and confirm with OCSD whether they would provide traffic enforcement services without the agreement.* Ms. Trucco reported that the Inventory Review Project was proceeding and requested a motion to allow staff to perform legal research on some related issues.

On MOTION by Mr. Dryburgh seconded by Ms. Wispelwey with all in favor authorization for staff to provide additional legal research on the Inventory Review Project was approved.

B. Engineer

Ms. Adams asked if Mr. Curley had anything to report, such as updates regarding the Davenport Creek Bridge Project. Mr. Curley confirmed that it was still in permitting.

C. Field Manager Updates

Mr. Scheerer presented the Action Items List, which was included in the agenda package and reported on the following:

1. Access to Reunion Village/Davenport Creek Bridge: Still in permitting.

2. Pavement Management & Traffic Calming: Discussed.
3. Seven Eagles Fountain Replacement: UCC Group was working on the design for the proposal approved by the Board at a prior meeting. He was trying to obtain a construction schedule and once received, would provide it to the Board.
4. RFID & Transponder at Reunion Village Gate: Waiting for the ownership issue of the guardhouse to be resolved, in order to apply for a permanent address of the gatehouse. Then the internet could be installed.
5. Seven Eagles Fitness Center Mats: There was a change with the salesperson. A proposal would be provided to the Board at a later date for up-to-date fitness equipment. There was a request for a bicep/triceps machine and leg press. *Ms. Wispelwey asked if Mr. Scheerer spoke to Kingwood about using the Reunion equipment that was in the basement.* Mr. Scheerer confirmed that he spoke to Kingwood, but they had plans for it.
6. Heritage Crossing Pool B Renovation: Completed. The roof project at the Homestead pool house was starting on May 20th. There would be a temporary closure at the entrance, while the roof tiles were stripped and once that was completed, the pool would be re-open. A pre-construction meeting was scheduled next week with Advantage Roofing to discuss the timeline. Once Homestead was completed, they would proceed to the Heritage A and B pools.
7. Reunion Village Signs: Delivered. They would be installed and then Mr. Vargas could perform parking enforcement for Phases 1 through 3 in Reunion Village. The signs approved for Excitement Drive were being powder coated and once completed, they would be installed.

Ms. Adams reported that Ms. Hobbs accompanied Mr. Mike Barry from the Reunion West CDD Board, to meet with Mr. Carll, a representative of Kingwood Orlando Reunion Resort (KORR), the HOA Master association and the Preferred Builder Program, to get feedback regarding the potential of the CDD undertaking the installation of sidewalks. Ms. Hobbs reported that Mr. Carll was supportive of the concept of the CDD installing sidewalks on main roads, such as Excitement Drive and Gathering Drive, but not the smaller inner roads. In addition, if a builder was building on the lot, the builder would be required to repair or replace the sidewalk, if they damaged it. Ms. Wispelwey voiced concern that they were talking about installing sod on either

side, but there would be no irrigation system to water it. Mr. Goldstein pointed out that Bahia did not require water and would be better than dirt to hold the sidewalk in. Mr. Dryburgh had an issue with Mr. Carll only wanting sidewalks on selected streets, because the basis for installing sidewalks, was for people who used wheelchairs. Mr. Greenstein thanked Ms. Hobbs for participating in this project and reporting on it, as it was similar to what Mr. Barry reported at the Reunion West CDD meeting. The comment regarding underdeveloped areas or less densely populated areas, pertained more to the west side and the plan was to identify the lots that made the most sense to install a sidewalk, like on Gathering Drive, where there were six vacant lots, versus along Grand Traverse Parkway on the west side, that had large parcels of undeveloped property. Mr. Greenstein was appreciative that Ms. Hobbs and Mr. Barry were able to get Kingwood to buy into the concept and pointed out that the next step was for the Board to identify the locations.

Ms. Trucco explained that this was part of the inventory discussion, which they would take a closer look at, but as an administrative step, there was no issue with identifying the lots that the Board was interested in installing sidewalks. There was discussion about the cost, but once the lots were identified, they would be better able to determine which stakeholders to reach out to, in order to ensure that the construction of the sidewalk did not interfere with an agreement that existed. Mr. Goldstein offered to identify the lots. Ms. Adams recalled that Reunion West CDD Board authorized Mr. Barry to continue working with Ms. Hobbs, but the Board could designate any Supervisor they chose. Mr. Goldstein preferred that Mr. Barry and Ms. Trucco handle it. Mr. Dryburgh recalled that there was an agreement with the Preferred Builders. Ms. Adams stated that Mr. Carll had suggested including language in the agreement with the builders, when it was renewed in November, reflecting that the builders would be responsible for any damages to the sidewalks. Other points that were discussed by the Reunion West CDD Board, was including a placeholder on Replacement and Maintenance (R&M) Project List for Fiscal Year 2025. Ms. Wispelwey asked if they were going enforce some of the other requirements, such as installing sidewalks on lots on the east side that had no sidewalks, as property owners developed recreational activity, such as a pool or pavers, on land that they owned. Mr. Greenstein pointed out that it would be a special situation, that may get shifted from the CDD's responsibility to the property owner and should be discussed with the Master Association. Ms. Trucco advised that the CDD did not have jurisdiction over private property. Ms. Wispelwey felt that the Master Association should

require the property owners to install the sidewalk. Ms. Trucco stated it would be helpful to identify those lots. Mr. Goldstein would provide a list.

D. District Manager's Report

i. Action Items List

This item was discussed.

ii. Approval of Check Register

Ms. Adams presented the Check Register from April 1, 2024 through April 30, 2024 in the amount of \$570,978.13, which was included in the agenda package, along with a detailed register.

On MOTION by Mr. Goldstein seconded by Mr. Greenstein with all in favor the April Check Register was approved as presented.

iii. Balance Sheet and Income Statement

Ms. Adams presented the Unaudited Financial Statements through March 31, 2024, which was included in the agenda package. It was for informational purposes and no Board action was required. Mr. Dryburgh voiced concern about the CDD being a target for fraud, as there was money sitting in various banks and someone who was sophisticated enough, would figure out how to access those funds. Ms. Adams explained that CDDs were required to deposit funds with a public depository that had statutory protections, which was different than FDIC insurance. The vulnerability for fraud was with check theft and additional safeguards were put into place for positive pay fraud protection services, so that checks presented had an additional approval step. In addition, GMS accounting and the accounts payable team, made some changes to the way that checks were mailed to vendors, so they were not subject to mail theft. Mr. Dryburgh was concerned about people accessing accounts electronically and asked if the institutions that held the funds, were insured, should theft occur. Ms. Adams confirmed that public depository accounts had additional safeguards as required by Florida Statutes for Florida governments, a stronger guarantee than FDIC. Ms. Trucco stated there were protections and would research this matter further and bring it back to the Board.

iv. Replacement and Maintenance Plan

Ms. Adams presented the R&M Plan, which was included in the agenda package and were

for informational purposes. It was a Project List, that was approved by the Board in conjunction with the current budget. The Field Manager provided an update regarding the fitness equipment and all of the other items were either marked in process or completed. Mr. Greenstein asked if it would be updated with the Fiscal Year 2025 budget. Ms. Adams explained that when the Proposed Budget for Fiscal Year 2025 was reviewed, it would include spending projections for the R&M Fund.

v. Presentation of Number of Registered Voters: 709

Ms. Adams stated that the District was required to present each year on the record, the number of registered voters. A letter was provided by the Osceola County Supervisor of Elections, confirming as of April 15, 2024, the Reunion East CDD had 709 registered voters. No Board action was required. Mr. Dryburgh asked if it was fairly consistent with last year's number. Ms. Adams confirmed that last year, there were 718 registered voters, for a loss of nine voters. Mr. Greenstein recalled on the west side they lost 12 voters.

V. Security Report

Mr. Vargas provided the April Security Reports from Reunion Security, representing all areas of the Master Association regarding security matters. A report was also provided from the Reunion West POA for the Encore neighborhood.

Mr. Goldstein spoke with Mr. Vargas about the guards at all of the different gates, as his concern was that the guards were not acknowledging residents and guests, opening the gate, not looking up from their computer screens or requesting ID. The CDD was paying for the guards to greet people, open and close the gates and check IDs. Disney guards would never be sitting down at a guard gate. They were always standing and greeting people. However, there was one guard, when Mr. Goldstein entered the community on a Saturday night, that stood up and greeted him and requested that this guard train the other guards. They should either be paying for security and getting security at those gates or leave the gates open. Ms. Wispelwey agreed, as many times she did not see a guard at the Sinclair Gate, when driving through the gate at 7:40 a.m. Mr. Vargas felt that he had a great team and as soon as he was notified that a guard was not doing their job, they were put on notice. Mr. Goldstein pointed out this morning, when he drove through the gate, the guard never stood up. Mr. Vargas stated it should be reported to him. Mr. Goldstein felt that he should not have to do that. Mr. Dryburgh walked to the guardhouse two or three times a week for

exercise and at least two-thirds of the time, the guard was on their phone and when someone showed up, they opened the gate. Mr. Vargas pointed out that most of the vehicles had decals that opened the gate. Mr. Goldstein noted that the gates on Spine Road were wide open, the other day.

Mr. Vargas advised that there were gate issues in the last couple of weeks, due to an upgrade to the system; however, anytime there was an issue, he handled it. Mr. Goldstein estimated that 50% of the time that he comes through the gates, the guards were not doing their jobs. Mr. Vargas requested that any issues be reported to him and not the guards. Mr. Dryburgh questioned what the computer on their desk was used for. Mr. Vargas stated it was used to process vehicles. Mr. Dryburgh asked if they had access to the internet. Mr. Vargas confirmed that there was no access to the internet. Mr. Dryburgh noted that was a good decision; however, the building that was hit by a truck unloading equipment for an event, needed to be repaired. Mr. Vargas was contacting the owner of the truck to get them to pay for the repairs. Mr. Scheerer explained that it would go through the insurance of the truck driver. Anytime that they had an accident, security was diligent in providing an accurate report with Driver's License numbers and insurance cards and their vendor was immediately contacted in order to make repairs. When it was repaired, the invoice was sent to their insurance company. Mr. Scheerer felt that Mr. Vargas' team did a great job on their incident reports and never had a problem recovering money for repairs. The clearance bar sign was immediately repaired. It was 10 feet high, but the clearance bar was at 9 feet for a reason. Mr. Goldstein agreed that Mr. Vargas' team did a great job with the resort, overall and his only issue was with the guards at the entrance gates.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.1 million (Office of National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's services. The strategy is based on the following principles:

- Older people should be able to access the services and support they need to live independently.
- Older people should be able to participate in the decisions that affect their lives.
- Older people should be able to live in a safe and secure environment.

The strategy also sets out a number of key objectives for the future of older people's services. These include:

- To ensure that older people have access to the services and support they need to live independently.
- To ensure that older people are able to participate in the decisions that affect their lives.
- To ensure that older people live in a safe and secure environment.

The strategy also sets out a number of key actions for the future of older people's services. These include:

RECITALS:

A. **WHEREAS**, the CDD is a local unit of special purpose government created in accordance with the Uniform Community Development District Act of 1980, Chapter 190, *Florida Statutes*, as amended, and pursuant to Osceola County Ordinance #01-31.

B. **WHEREAS**, the recreational amenities/properties commonly referred to as "Heritage Crossing Community Center and the Horse Stables", as further defined in the attached Exhibit "A", (the "CDD Facilities") is owned by the CDD.

C. **WHEREAS**, the CDD desires the benefit of the experience and services of the Management Company for the operation and management of the CDD Facilities upon the terms and conditions set forth in this Agreement, and the Management Company is willing to accept such obligations pursuant to the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of valuable considerations paid by each party to the other, the receipt and sufficiency of which is hereby acknowledged, and in further consideration of the mutual covenants and conditions contained herein, the parties agree as follows:

1. Incorporation of Recitals. The recitals stated above are true and correct and by this reference are incorporated herein as a material part of this Agreement.
2. Term of Agreement. This Agreement shall be for a four-year term beginning on the date the CDD confirms in writing that the CDD Facilities are ready for use (the "Effective Date") and ending on three (3) years following the Effective Date (the "Term").
3. Control and Management Responsibility. The Parties agree that for the Term of this Agreement, at all times the CDD shall have control of the CDD Facilities. The Parties agree that the Management Company shall manage and operate the CDD Facilities in accordance with the standards set forth herein and as directed by the CDD, in accordance with this Agreement, applicable regulations, permits, District rules and Florida law, to further render the Services (as defined below), and the Management Company hereby accepts such duties and shall discharge such duties all in accordance with the terms and conditions set forth in this Agreement. CDD confirms that, should the CDD desire to sell either whole or part of the CDD Facilities, the CDD shall follow a public auction and bidding process, as permitted by Chapter 190, *Florida Statutes* and other applicable Florida law.

4. Compensation. The Management Company shall be paid an amount per year as reflected in Table 1 below (Base Compensation):

TABLE 1

Year	Base Compensation
1	\$48,750
2	\$32,500
3	\$16,250

The Base Compensation shall be paid in equal monthly payments. The Management Company shall be responsible for paying all bills and costs associated with the operation and management of the CDD Facilities. In addition to the Base Compensation, the Management Company shall be paid a fee per event booked at the CDD Facilities (the "Event Compensation") equivalent to 50% of the then adopted Facility Rental Fees, described in Section 5 below. The Event Compensation may be adjusted by mutual written agreement between the CDD and the Management Company from time to time. In the event that the Base Compensation and Event Compensation prove insufficient to cover the costs of operating and maintaining the CDD Facilities, the Management Company may provide documentation of such shortfall to the District and request a payment to cover the difference between the documented actual cost of operating and maintain the CDD Facilities and the combined Base Compensation and Event Compensation (a "Shortfall Payment"). In any month where the Management Company anticipates and/or will submit a request for Shortfall Payment, the Management Company must submit detailed financial reporting to the District, documenting the expenditures and revenues associated with operating and maintaining the CDD Facilities, including, but not limited to, balance sheets, income statements, invoices, associated payroll records and documentation associated with the Facility Rental Fees. Upon confirmation of the actual operation and maintenance costs for the CDD facilities to the satisfaction of the District, the District shall either 1) instruct the Management Company in writing to remit the Shortfall Payment from Facility Rental Fees held by the Management Company or 2) remit the Shortfall Payment directly from the District to the Management Company.

5. Facility Rental Fees. Facility Rental Fees shall be set by the District through its rulemaking process, as initially adopted and subsequently amended from time to time. Management Company shall collect a Facility Rental Fee for each event held in the CDD Facilities on behalf of the CDD, excluding CDD Sponsored Events. Management Company will remit Facility Rental Fees to the CDD on a monthly basis with a report indicating the date, time and description of each event. The Management Company may advise the CDD regarding proposed Facility Rental Fees; however, the adoption of the Facility Rental Fees shall be within the full control and discretion of the CDD.

6. CDD Sponsored Events. Management Company shall block out specific dates and times for CDD Sponsored Events. CDD Sponsored Events are intended to benefit residents and non-resident user fee payers. Specific dates and times will be determined by mutual written consent of the parties.

7. Services of Management Company and Operation of CDD Facilities. The Management Company shall act as the manager of the CDD Facilities, including all activities related thereto, and the

Management Company shall provide the CDD with the following services, including but not limited to (collectively, the "Services"):

Each such budget shall be subject to modification to address new needs and costs as the Management Company shall propose from time to time and the District approve in writing. A copy of the budget approved for the first fiscal year under this agreement is attached hereto as **Exhibit B**.

(b) Operational Inventory. The Management Company shall purchase all necessary and recommended inventory and supplies, enter into all necessary contracts for electricity, gas, propane, telephone, general cleaning, window cleaning, refuse disposal, pest control, payroll or staff services, and for any other utilities or services which the Management Company shall consider reasonably necessary or advisable for the operation of the CDD Facilities, and make ordinary repairs and maintenance (as more fully set forth below and subject to the prior approval of the CDD, and the lack of a statutory or regulatory need to bid for such services). Within sixty (60) days after the Management Company has begun to perform its duties under this Agreement, both the Management Company and the CDD shall cooperate to produce an inventory detailing the ownership of all personal property items located at or within the CDD Facilities which are subject to this Agreement.

(c) Emergency Maintenance Service. The Management Company will have a properly qualified person available to handle maintenance emergencies affecting the CDD Facilities, before and after the maintenance emergency event.

(d) Other Services and Conditions.

(i) The Management Company will provide appropriate personnel to manage the CDD Facilities during hours of operation, which hours shall be established by the CDD from time to time, with Management Company providing input on recommended hours of operation. The Management Company shall post appropriate signage indicating the hours of operation and a contact number for the Management Company. The Management Company may elect to permit use of certain areas of the CDD Facility during discrete periods while restricting use of other areas of the CDD Facilities during those same periods. The Management company shall make best efforts to ensure CDD Facilities are only accessed by (a) property owners within the boundaries of either Reunion East or Reunion West community development district ("Property Owner") and the guests of Property Owners (inclusive of guests of the Management Company, as a Property Owner), (b) employees, contractors, subcontractors, and other licensees of the Management Company and (c) individuals who have paid the CDD Non-Resident User Fee. The Management Company shall have discretion regarding implementation of operating

procedures to ensure authorized users follow use and conduct policies established by the Management Company consistent with the mutually acceptable operating and maintenance requirements. The Management Company will secure the CDD Facility during periods of non-operation, and may, in its sole discretion, monitor and surveil the CDD Facilities for compliance. The Management Company shall have the authority to restrict access, deny privileges, and/or apply other appropriate measures to address unauthorized users, authorized users attempting use during periods of non-operation, and authorized users that violate behavioral standards of the Management Company.

(ii) The Management Company hereby covenants and agrees to comply with all the rules, ordinances and regulations of governmental authorities wherein the CDD Facilities are located, at Management Company's sole cost and expense, except as provided in paragraph 6.(b) herein, and the Management Company will take such action as may be reasonably necessary to comply with any and all notices, orders or other requirements affecting the CDD Facilities issued by any governmental agency having jurisdiction over it, unless specifically instructed by the CDD or the CDD that it intends to contest, at the CDD's cost and expense, such orders or requirements and that the Management Company shall not comply with the same. The Management Company shall provide immediate notice to the CDD of any such orders or requirements upon receipt of same.

(iii) If requested by the CDD, a representative of the Management Company shall attend the requested CDD Board of Supervisors meeting(s). Additionally, the Management Company shall attend membership meetings with homeowners and developer representatives upon prior notice by the CDD.

(e) Liquor Licenses and Liability. In the event liquor or any other alcoholic beverage is to be served in or upon any of the CDD Facilities, the Management Company shall be responsible for acquiring and maintaining in good standing any and all licenses required by law which are necessary to legally serve alcoholic beverages. In addition, the Management Company shall comply with all liquor liability insurance requirements as more fully described herein. The CDD shall cooperate with Management Company as may be reasonably required to provide documentation or information to licensing authorities in order for the Management Company to acquire and maintain such licenses.

(f) Exclusive Food and Beverage Provider. Except for CDD Sponsored Events, as defined pursuant to Section 6 hereunder, the Management Company shall be the exclusive food and beverage provider for the CDD Facilities. This provision shall include, but is not limited to, the provision of liquor or any other alcoholic beverage served in or upon any of the CDD Facilities.

8. Repair, Maintenance and Utilities.

(a) Except for the CDD's maintenance responsibilities set forth below, Management Company shall maintain the interior, exterior, landscaping and grounds of the CDD Facilities and every part thereof in good repair and condition; damages by causes beyond the control of the Management Company, reasonable use, ordinary decay, wear, and tear excepted. Management Company hereby further covenants at its expense to:

(i) Comply with the requirements of applicable building, housing and health codes specifically applicable to Management Company's use of the CDD Facilities;

(ii) Maintain the ceilings, windows, screens, doors, steps, porches, interior walls, floors, cosmetic features of the exterior of the building(s), paint, landscaping, grounds, parking lots and all other non-structural components in good repair and the plumbing, heating and air conditioning systems in good working condition;

(iii) Provide for the monthly extermination and prevention of rats, mice, roaches, ants and wood-destroying organisms;

(iv) Maintain all locks and keys;

(v) Maintain in a clean and safe condition all areas of the CDD Facilities;

(vi) Provide for garbage removal and outside receptacles therefor; and

(vii) Pay for all utilities provided to the CDD Facilities.

Subject to subsection (b) below, the CDD shall maintain the structure of the building(s) on the grounds of the CDD Facilities, including the integrity (but not the cosmetic condition) of exterior walls, roof and foundation except to the extent that any maintenance or repairs are deemed "minor repairs" (*i.e.*, less than or equal to \$2,500), and also to the extent that any maintenance or repairs are required as a result of the negligence or intentional acts of the Management Company, its employees, agents, contractors or guests, in which cases Management Company shall be responsible for said costs and obligations. Notwithstanding the foregoing, the CDD shall have no liability or obligation for said maintenance unless and until it receives written notice from Management Company that maintenance and/or repairs are necessary.

(b) The Management Company shall not be responsible for any "Capital Expense" for any single item of repair or replacement which exceeds Two Thousand, Five Hundred and 00/100 Dollars (\$2,500) (unless said repair or replacement is a result of the negligence or intentional acts of the Management Company, its employees, agents, contractors or guests), and shall not incur on behalf of the CDD any Capital Expense unless specifically authorized in writing, in advance, by the CDD, except, however, such emergency repair as may involve a danger to life or property or as may be immediately necessary for the preservation and safety of the CDD Facilities or the members, occupants and livestock, or as may be required to avoid the suspension of any necessary service to the CDD Facilities. A "Capital Expense" is defined as any capital expenditure (not normal operational maintenance and repairs), upgrade or long-term repair that is in excess of \$2,500. Capital Expenses shall include, without limitation, building structural repairs, roof replacement, appliance replacement, carpet or flooring replacement and major building systems replacement including, but not limited to, air conditioning and plumbing. Minor operational repairs and maintenance are included in the Fixed Fee, as defined below, and are to be performed at the cost of the Management Company. Without limiting the generality of the foregoing, it is the intent of this paragraph that the Management Company shall be responsible for the expense if it is due to normal wear and tear or part of routine maintenance service, and the CDD shall be responsible for

the expense if it is to prolong the life of the facility or component (e.g., painting exterior, refurbishing chairs) or to make modifications to the CDD Facilities as may be required by law.

(c) The Management Company shall be directly responsible for the general operation and management of the CDD Facilities and the associated maintenance necessary for the upkeep of the CDD Facilities and its related amenities according to the standards reasonably acceptable to the CDD, including cleaning and such maintenance and repair work as may be necessary to operate the facility successfully, and as set forth herein. In the event that the Management Company, at any time during the term of this Agreement, fails to so maintain the CDD Facilities, the CDD shall have the right to give written notice to the Management Company, specifying those areas of specific matters in regard to which the Management Company is not meeting the standards of operation (i.e., facility conditions, employee training, failure to operate within the approved CDD rules and regulations as adopted by the CDD from time to time). The Management Company shall have thirty (30) days from the receipt of said notice to cure such failures in their entirety, or in the event that such failures cannot be reasonably cured within that period, a reasonable period shall be established, provided that the Management Company diligently commences and pursues to complete such cure. If such efforts are not made, this Agreement may be terminated at the sole discretion of the CDD.

(d) The CDD Facilities and all furniture and fixtures, machinery, appliances, operating equipment and all personal property used in the operation of the CDD Facilities and owned by the CDD shall be maintained by the Management Company on behalf of the CDD, in a condition that is appropriate for the operation of the CDD Facilities. Title thereto shall remain in the name of the CDD. The Management Company will use reasonable caution and care in performing its Services to protect the equipment and premises of the CDD Facilities now owned or hereafter acquired. An inventory of all property owned by the CDD shall be performed by the CDD (or other individual acceptable to the CDD) and the Management Company prior to the Management Company beginning operations at the CDD Facilities. Annual inventories shall be performed in the same manner. At the termination of this Agreement, the Management Company shall be responsible for leaving all CDD inventory items in good condition and repair, ordinary wear and tear excepted.

9. Insurance. The Management Company shall, at its own expense, secure insurance policies as listed below necessary for the proper maintenance, preservation and operation of the CDD Facilities. All insurance shall be issued by companies authorized to do business under the laws of the State of Florida, and must be reasonably acceptable to the CDD. The Management Company shall furnish certificates of insurance to the CDD prior to providing the Services, and each certificate shall clearly indicate that the Management Company has obtained insurance of the type, amount and classification as required for strict compliance with this paragraph.

Management Company shall, throughout the performance of its services pursuant to this Agreement, maintain:

a. Occurrence based comprehensive general liability insurance (including broad form contractual coverage) with minimum limits of \$1,000,000 per occurrence and \$2,000,000 annual aggregate, protecting it and CDD from claims for bodily injury (including death) and property damage, for incidents occurring on, in or about the CDD premises / facilities, solely which arise

from or in connection with the performance of Management Company's services under this Agreement.

b. Business automobile liability insurance covering owned, non-owned and hired automobile exposures, with policy limits not less than \$1,000,000 combined single limit.

c. Workers' compensation insurance sufficient to satisfy all applicable statutory requirements, and Employer's liability insurance in amounts not less than:

Bodily Injury by Accident: \$1,000,000 each accident
Bodily Injury by Disease: \$1,000,000 policy limit
Bodily Injury by Disease: \$1,000,000 each employee

d. Liquor liability insurance in an amount not less than \$1,000,000 per occurrence and \$1,000,000 annual aggregate.

e. Umbrella / Excess liability insurance with a minimum limit of \$25,000,000 each occurrence and \$25,000,000 annual aggregate.

All such insurance required in this Section 7 shall be with companies and on forms reasonably acceptable to CDD and shall provide that the coverage thereunder may not be reduced or canceled unless thirty (30) days prior written notice thereof is furnished to CDD; the insurance required under paragraph 7.a, 7.b, and 7.d shall name the CDD as an additional Insured. Certificates of Insurance (and copies of all policies, if required by the CDD) shall be furnished to the CDD. In the event of any cancellation or reduction of coverage, Management Company shall obtain substitute coverage as required under this Agreement, without any lapse of coverage to CDD whatsoever. Acceptance by the CDD of any evidence of insurance submitted by the Management Company does not relieve or decrease in any manner the liability of the Management Company for performance of the Services in accordance with the terms and conditions hereof.

All coverage types, limits and deductible amounts as set forth in this Section 7 hereof shall be reviewed by CDD and Management Company from time to time for the purpose of determining the coverage types, limits and deductible amounts then appropriate of properties similar in type and construction to the CDD facilities and for the nature of the business being conducted, and for purposes of complying with the requirements of any mortgagee.

CDD shall, at its own expense, secure insurance policies necessary for the proper maintenance, preservation and operation of the CDD Facilities and shall name the Management Company as an additional insured. Certificates of insurance shall be furnished to the Management Company.

10. Management Company's Employees. The Management Company shall employ, hire, train and supervise all personnel reasonably necessary to operate the CDD Facilities, with all employees' compensation, benefits and labor costs to be paid by the Management Company. The Management Company shall have authority to hire, train and discharge all employees necessary for the operation of the CDD Facilities, and to fix their compensation; such employees shall not be employees or independent contractors of the CDD. All matters pertaining to the employment, supervision, compensation, promotion and discharge of any employees of Management Company or of entities retained by Management

Company are the sole responsibility of Management Company. Management Company shall obtain, for each individual Management Company employs at the CDD Facilities at any time, a criminal background check performed by an appropriate federal or state agency, or by a professional and licensed provider of such services, and shall make, based on the results of such background checks, employment suitability determinations for each employee that are reasonable and customary within Management Company's industry. Management Company shall maintain copies of said background checks on file so long as the subject individual(s) remains in Management Company's employ, and to the extent permissible by law, Management Company shall make all background checks available for CDD's review upon request. Management Company shall use commercially reasonable efforts to enforce strict discipline and good order among its employees while at the CDD Facilities.

11. Licenses, Transfers. The Management Company, at its own expense, shall obtain all licenses and permits necessary to perform the Services. All licenses will be obtained in the name of the Management Company, if possible. In the event the Management Company is in default under this Agreement and/or this Agreement is terminated by the CDD, the Management Company agrees that it will transfer (to the maximum extent permitted by law, ordinance or other governmental regulation), at the CDD's expense, all permits and licenses, including but not limited to any liquor license(s), which may be held by the Management Company for the CDD Facilities and the operation thereof, to the CDD or, at the CDD's sole option, to the CDD's nominee. The cost and expense of such transfers shall be borne solely by the CDD.

12. Termination. Notwithstanding anything to the contrary contained herein, CDD or Management Company may terminate this Agreement, with or without cause, upon one-hundred eighty (180) days' with prior written notice to the other party. Except as provided for in Section 6(c), in the case of a material event of default by either party, which default has not been cured within ten (10) days after receipt of written notice thereof from the non-defaulting party, the non-defaulting party may terminate the Agreement upon five days' prior written notice to the defaulting party, provided that, if such default is of a nature that it cannot be cured within such ten (10) day period, then such period shall be extended for such additional period as may be reasonably necessary to remedy the default, but in no event shall such extended remedy period extend beyond ninety (90) days. If the District or any other governmental entity determines that continued operation of the CDD Facilities by the Management Company presents a risk to the health, welfare, or safety of users of the CDD Facilities or the public, or if continued operation of the CDD Facilities would violate Florida or federal law, the District shall be permitted to terminate this Agreement immediately, with or without issuing the notice or allowing for a cure period.

13. Notices. Any notice required or permitted to be given by the terms of this Agreement or under any applicable law by either party shall be in writing and shall be either hand delivered, sent via recognized overnight courier (such as Federal Express), or sent by certified or registered mail, postage prepaid, return receipt requested. 15. Compliance with All Laws, Regulations, Rules and Policies.

(a) At all times, Management Company is expected to operate in accordance with all applicable laws, statutes, regulations, ordinances and orders.

(b) Management Company hereby covenants and agrees to comply with all the regulations, ordinances and rules of governmental authorities wherein the CDD's Facilities are located, as said regulations, etc. may specifically relate to Management Company or its services provided hereunder, at Management Company's sole cost and expense except as otherwise provided herein, and Management Company will take such action as may be necessary to comply with any and all notices, orders or other requirements affecting the services described herein as may be issued by any governmental agency having jurisdiction over Management Company, unless specifically instructed by the CDD that it intends to contest such orders or requirements and that Management Company shall not comply with the same. Management Company shall provide immediate notice to the CDD of any such orders or requirements upon receipt of same. Should such compliance require changes or modifications to the CDD Facilities, Management Company shall provide notice of the CDD as provided under Section 6.

(c) Management Company shall bear all costs associated with compliance with the Americans with Disabilities Act or any other state or Federal legislation related to its performance

of the Services; provided however, that the CDD shall be solely responsible for such compliance in respect of the improvements constituting the CDD Facilities and other assets owned by the CDD.

(d) The CDD is a local unit of special purpose government created in accordance with the Uniform Community Development District Act of 1980, Chapter 190, *Florida Statutes*. Management Company agrees to comply with all applicable requirements of the "Sunshine Law," the "Public Records Law," Community Development District law, and all other statutes and regulations applicable to Management Company.

16. Ownership of Books and Records. Any books, documents, records, correspondence or other information kept or obtained by the CDD or furnished by the CDD to Management Company in connection with the services contemplated herein and/or the CDD Facilities and any related records are property of the CDD. Management Company agrees and acknowledges that any and all such books, documents, records, correspondence or other information may be public records under Chapter 119, *Florida Statutes*.

17. Public Records. Management Company agrees to promptly comply with any order of a Court having competent jurisdiction which determines that records pertaining to the management of the CDD Facilities maintained by Management Company are "public records" which must be available to the public.

Management Company agrees and acknowledges that any and all books, documents, records, correspondence or other information related to this Agreement and/or the CDD Facilities may also be subject to inspection and copying by members of the public pursuant to Chapter 119, *Florida Statutes*. In accordance with applicable Florida law:

a. Management Company shall keep and maintain public records that ordinarily and necessarily would be required by the CDD in order to perform the services provided in this Agreement.

b. Management Company shall provide the public with access to public records on the same term and conditions that the CDD would provide the records and a cost that does not exceed the cost provided in Chapter 119, *Florida Statutes*, or as otherwise provided by law.

c. Management Company shall ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

d. Management Company shall meet all requirements for maintaining public records and transfer, at no cost, to the public agency all public records in possession of Management Company upon termination of this Agreement and shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements, provided that Management Company shall be entitled to retain copies of any records it deems necessary to comply with IRS, Florida Department of Revenue and any other regulatory agencies or necessary for Management Company's defense of any claims by CDD or any third party resulting from Management Company's performance under this Agreement. All records stored electronically shall be provided to the CDD in a format that is compatible with the information technology

systems of the CDD so long as Management Company does not incur unreasonable cost or expense in doing so.

If Management Company does not comply with a public records request, such failure to comply shall be considered a default under the terms of this Agreement and applicable law, and the CDD shall enforce the Agreement accordingly.

18. Environmental Covenants.

(a) Management Company shall comply with all environmental laws, rules, regulations, statutes and ordinances, including, without limitation, those applicable to "hazardous substances." (b) In the event any claims, costs, losses, liabilities or expenses arise from the violation (or claimed violation) of any environmental laws by the CDD or its employees, agents, licensees and subcontractors prior to the commencement of the Services, applicable law shall determine the allocation of any liability or responsibility, if any, between any and all parties involved, provided, however, that in no event shall the Management Company be responsible, in whole or in part, for any such claims, costs, losses, liabilities or expenses.

19. Third Party Beneficiaries. The Services provided under this Agreement are solely for the benefit of the CDD and neither this Agreement nor any Services rendered hereunder shall give rise to or shall be deemed to or construed so as to confer any rights on any other party as a third party beneficiary or otherwise, including any owners of property within the CDD.

Re: Levy of Debt Assessments for the Bonds;
Transfer of Property Comprising a Portion of the Project

This firm represents U.S. Bank Trust Company National Association in its capacity as successor trustee (the "Trustee") under the Indentures¹ for the Bonds.

As previously discussed, due to errors on the part of the Reunion East Community Development District ("District"), material changes in the development plan for real property owned by Kingwood Orlando Reunion Resort, LLC, and its affiliates (collectively, "Kingwood"), or both, the District has failed to levy special assessments on Kingwood real property ("Kingwood Property") based on the benefit such property derives and will continue to derive from the Series 2002 Project² and Series 2005 Project (collectively, the "Bond-Funded Projects"). In order to rectify the District's failure to properly assess Kingwood Property, I write to demand that the Board of Supervisors ("Board") of the Reunion East Community Development District ("District") immediately commence assessment proceedings in accordance with Chapters 170, 190 and 197, Fla. Stat. (collectively, the "Assessment Statutes"), for purposes of conducting a public hearing to consider whether and to what extent real property owned by Kingwood Orlando Reunion Resort, LLC, and any affiliates thereof (collectively, "Kingwood"), benefit from the Bond-Funded Projects and the debt special assessment that should result therefrom. In support of the forgoing request, I direct you to Section 9.03 of the Master Indenture, which states in relevant part:

(b) If any Special Assessment shall be either in whole or in part annulled, vacated or set aside by the judgment of any court, or if the Issuer shall be satisfied that any such

¹ The Master Trust Indenture dated as of March 1, 2022 ("Master Indenture"), as amended and supplemented by the First Supplemental Trust Indenture dated as of August 1, 2002 (together with the Master Indenture, the "Series 2022A Indenture"), securing the remaining principal amount of the Special Assessment Bonds, Series 2002A ("Series 2002A Bonds"), and the Third Supplemental Trust Indenture dated as of March 1, 2005 (together with the Master Indenture, the "Series 2005 Indenture," and together with the Series 2002A Indenture, the "Indentures"), securing the remaining principal amount of the Special Assessments Bonds, Series 2005 ("Series 2005 Bonds," and together with the Series 2002 Bonds, the "Bonds").

² Capitalized terms not defined herein shall have the meaning ascribed them in the Indentures.

Special Assessment is so irregular or defective that the same cannot be enforced or collected, or if the Issuer shall have omitted to make such Special Assessment when it might have done so, the Issuer shall either (i) take all necessary steps to cause a new Special Assessment to be made for the whole or any part of said improvement or against any property benefitted by said improvement, or (ii) in its sole discretion, make up the amount of such Special Assessment from legally available moneys, which moneys shall be deposited into the applicable Series Account in the Revenue Fund. In case such second Special Assessment shall be annulled, the Issuer shall obtain and make other Special Assessments until a valid Special Assessment shall be made.

As previously discussed, the Trustee's preference has always been for the relevant parties, including Kingwood, to amicably resolve the debt special assessment issue. However, Kingwood has taken a hard line that under no circumstances will it negotiate regarding the matter.

Further, the positions staked by each party are irreconcilable—to the point that Kingwood's arguments are materially misleading in an attempt to induce the District to breach its covenants under the Indentures—and, therefore, can only be reconciled *via* the public hearing process provided for under the Assessment Statutes. Proceeding with the assessment process under the Assessment Statutes would allow the District to take public comment and testimony from both Kingwood and representatives of the Trustee regarding the parties' respective positions and insulate the District from liability, assuming the Board complies with Florida law and its obligations under the Indentures. For purposes of commencing the assessment process and setting the public hearing provided for under the Assessment Statutes, the Trustee finds acceptable District staff's draft report (**Attachment A**), *subject to* necessary revisions based on changes Kingwood's development plan including but not limited to the development plan referenced in **Attachment B** and any developed or developable, the latter as determined by the District Engineer, that has not previously been the subjected to special assessments for Bond-Funded Projects.

Finally, it has been brought to my attention that Kingwood has asked the District to transfer the conservation area reflected in **Attachment C** ("Conservation Area") to Kingwood for no consideration to the District. Further, based on our prior conversation, it is my understanding that Bond proceeds were expended to acquire the Conservation Area. If true, it is ironic that Kingwood is asking the District to transfer a portion of the Bond-Funded Projects while refusing to pay special assessments to be used to repay the Bonds that funded that acquisition. The Trustee objects to any such transfer on the basis that the sale, especially one without cash consideration that would then be applied to the Bonds, would constitute a breach of the Indentures including Section 9.24 of the Master Indenture.

1.0 Introduction

This *Third Supplemental Special Assessment Allocation Report* (“Report”) has been prepared for the Reunion East Community Development District, a local unit of special purpose government established in accordance with Chapter 190, *Florida Statutes*, in anticipation of confirming and allocating Original Series 2002A-2 Assessments on certain properties specifically detailed in Table 2. The Original Series 2002A-2 Assessments secure the Unexchanged Series 2002A-2 Bonds.

In May of 2016, the Trustee’s Counsel submitted a letter to the District identifying certain parcels that may be subject to District debt assessments for the Series 2002A-2 and Series 2005 Bonds. As a result of this Trustee letter, the District retained Governmental Management Services – Central Florida, LLC to prepare this Report and apply the methodology adopted by the District in the Original Assessment Report and the benefit of the Master Improvements and Total Project enjoyed by each parcel. Through this Report, the District seeks to confirm and allocate a portion of the remaining principal of the Unexchanged Series 2002A-2 Bonds and, to the extent the Unexchanged Series 2002A-2 Bonds (as secured by assessments) are entirely allocated, to allocate the remaining principal of the Unexchanged Series 2005 Bonds.

3.0 Background Information

The District was created pursuant to the Uniform Community Development District Act of 1980, Chapter 190, *Florida Statutes*, as amended (the “Act”) and by Ordinance No. 01-31 of Osceola County, Florida, effective October 3, 2001, and expanded by Ordinance No. 05-26 of Osceola County, Florida on July 22, 2005 (collectively, the “Ordinance”). The District, as expanded, encompasses approximately 1,278 acres and is located wholly within the unincorporated area of Osceola County, Florida.

In July 2002, the District issued its Original Series 2002 Bonds to, among other things, pay all amounts due and owing on the Bond Anticipation Notes and finance the cost of the Series 2002 Project (as defined in the Original Series 2002A-2 Indenture). In January 2012, the District trifurcated the Original Series 2002 Bonds into three separate series of bonds, of which only the Series 2002A-1 Bonds and Series 2002A-2 Bonds remained outstanding. The Series 2002A-1 Bonds, and the assessment securing the same, remain unaffected by this Report. The Series 2002A-2 Bonds were payable and secured by the Original Series 2002A-2 Assessments, which were levied on real property within the boundary of the District specially benefited by the Total Project in accordance with the Prior Assessment Report.

In February 2005, the District issued its Series 2005 Bonds to, among other things, finance the cost of the Series 2005 Project (as defined in the Original Series 2005 Indenture). The Series 2005 Bonds were payable and secured by the Original Series 2005 Assessments, which were levied on real property within the boundary of the District specially benefited by the Total Project in accordance with the Prior Assessment Report.

Infrastructure improvements funded with proceeds of the Bond Anticipation Notes, Original Series 2002 Bonds and Series 2005 Bonds are described in the Prior Assessment Report.

Due to a failure of certain owners of certain lands ("Delinquent Lands") to pay Original Series 2002A-2 Assessments and Original Series 2005 Assessments when due, the District was unable to pay debt service on the Series 2002A-2 Bonds and Series 2005 Bonds thereby resulting in Event(s) of Default (as defined in the Original Series 2002A-2 Indenture and Original Series 2005 Indenture). To cure the Events of Default as to a portion of the Series 2002A-2 Bonds and Series 2005 Bonds and resolve any and all matters relating thereto, including litigation commenced by the District to foreclose the Original Series 2002A-2 Assessments and Original Series 2005 Assessments on the Delinquent Lands pursuant to Chapter 170, *Florida Statutes*, the District and Trustee entered into the Restructuring Agreement which provided, among other things, for (i) issuance of the Series 2015 Bonds in exchange for a portion of the Series 2002A-2 Bonds and a portion of the Series 2005 Bonds, which Exchanged Bonds were canceled; (ii) the pledge of certain Original Assessments to the Series 2015-1 Bonds; (iii) the pledge of certain Original Assessments to the Series 2015-2 Bonds; and (iv) the pledge of certain Original Assessments to the Series 2015-3 Bonds.

4.0 Summary of Series 2015 Bond Restructuring

Pursuant to the Restructuring Agreement, the District issued three (3) Series (as defined in the Indenture) of Special Assessment Refunding Bonds for the Exchanged Bonds, which bonds have the following general characteristics:

- (i) *Series 2015-1 Bonds:* Current interest bonds issued in the principal amount of \$7,245,000, with a coupon interest rate of 6.6% and a final maturity of May 1, 2033. The Series 2015-1 Assessments are pledged to pay debt service on the Series 2015-1 Bonds.
- (ii) *Series 2015-2 Bonds:* Current interest bonds issued in the principal amount of \$8,475,000, with a coupon interest rate of 6.6% and a final maturity of May 1, 2036. The Series 2015-2 Assessments are pledged to pay debt service on the Series 2015-2 Bonds.
- (iii) *Series 2015-3 Bonds:* Current interest bonds issued in the principal amount of \$3,515,000, with a coupon interest rate of 6.6% and a final maturity of May 1, 2033. The Series 2015-3 Assessments are pledged to pay debt service on the Series 2015-3 Bonds.

Additional information regarding the Series 2015 Bonds may be found in the Exchange Information Memorandum dated June 4, 2015.

Upon the issuance of the Series 2015 Bonds for the Exchanged Bonds, the Exchanged Bonds were cancelled and the remaining Unexchanged Bonds remain outstanding in the principal amount of \$6,275,000 Series 2002A-2 Bonds and \$7,675,000 Series 2005 Bonds. The Prior Assessments remain the security for the Unexchanged Bonds and the District herein confirms that the methodology provided for in the Prior Assessment Report shall continue to be the method utilized for allocation the Prior Assessments to the lands securing the Unexchanged Bonds and additional allocation methods incorporated in this Report for properties developed that were not contemplated in the Prior Assessment Report .

The District is allocating a portion of the remaining assessments securing the principal of the Unexchanged Series 2002A-2 Bonds to certain developable property, detailed in Table 3, which property had not previously been allocated assessments and has benefitted from the Master Improvements and Total Project as detailed in the Prior Assessment Report. As a note, the allocation of debt service assessments to satisfy the remaining principal of the Unexchanged Series 2002A Bonds will be allocated first, until full satisfaction of the Series 2002A Bonds can be achieved, then to which such allocation is made to satisfy the remaining principal of the Unexchanged Series 2005 Bonds.

5.0 Pledge of a Portion of Series 2002A-2 Assessments

The Original Series 2002A-2 Assessments were outstanding in the principal amount of \$15,070,000. A portion of the Original Series 2002A-2 Assessments (\$8,795,000) have been allocated to securing the Series 2015-1 Bonds and Series 2015-3 Bonds. A portion of the remaining Original Series 2002A-2 Assessments pledged to secure Unexchanged Series 2002A-2 Bonds will be allocated to certain properties detailed in Table 2.

6.0 Allocation of Original Series 2002A-2 Assessments

As noted above, the Original Series 2002A-2 Assessments pledged to secure the Unexchanged Series 2002A-2 Bonds will be allocated to properties detailed in Table 2 for which properties have benefitted from the Master Improvements. A portion of the Original Series 2002A-2 Assessments securing a portion of the Unexchanged Series 2002A Bonds will be assigned to the properties based upon the Prior Assessment Report. As part of the overall review, based upon the actual development of the golf course property, it has been determined that the golf course properties receive more benefit than originally assigned in the Prior Assessment Report. Therefore, additional Original Series 2002A-2 Assessments will be assigned the golf course properties utilizing a square footage basis from the Prior Assessment Report applied in a manner commensurate with the benefit received by those properties, as supposed by data from similar Florida golf courses subject to assessments. Further, while the golf course parcels formed part of a single development plan at the time of the Original 2002A-2 Assessments and Prior Assessment Report and thus are assessed as a whole. There remains one undeveloped parcel that is 2.21 acres and could be developed. Due to lack of development plan for this parcel, the

District is initially assigning 8.84 units based upon 4 units per acre or approximately 17,680 commercial square feet. The District will assign the permanent Original Series 2002A-2 Assessments at the time the parcel is actually developed.

7.0 Pledge and Allocation of Series 2005 Assessments

The remaining unexchanged principal balance of the Unexchanged Series 2005 Bonds is approximately \$7,675,000. As the debt service assessments from the certain unassessed developable parcels identified in this report is fully allocated to the remaining principal of the Unexchanged Series 2002A Bonds, no additional pledge or allocation of the Series 2005 Assessments can be made at this time.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 55% of public sector employees being women in 1995, compared with 45% in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work. Another reason is that the public sector has a high proportion of jobs that are part-time or flexible, which are more likely to be held by women.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–1999).

There is a growing awareness of the need to develop strategies to meet the needs of the ageing population. The Department of Health (1999) has published a strategy for ageing, which sets out the government's commitment to improve the lives of older people.

The strategy is based on the following principles: (1) older people should be able to live independently and actively; (2) older people should be able to access the services they need; (3) older people should be able to participate in the decisions that affect their lives.

The strategy also sets out a number of key objectives, including: (1) to improve the health and well-being of older people; (2) to improve the quality of life of older people; (3) to improve the financial security of older people; (4) to improve the social participation of older people.

The strategy is a key document for the development of policies and services for older people. It provides a framework for the development of policies and services that are based on the needs of older people.

Changed issue to **NOT ACCEPTED** status.

In regards to CDP01-0003, Lot 304 is an alley lot, not a golf lot. While reviewing the site plan, the side entry garage onto Radiant Street does not appear to meet the intent of the Reunion PD. The alley lots are intended to have rear loaded garages. The adjacent property in which the driveway encroaches (along Radiant St) is platted as Tract 2 and owned by Reunion East CDD. Before this permit can be reviewed further we will need a letter from the Reunion CDD and/or HOA approving the layout of the home, access and encroachment of Tract 2 being different than the approved typical alley layout per Micro CDP01-0003 and Macro CDP00-0103. Please also show the distance to the property line on both sides of the garage.

Comments from Osceola County Permit For lot 303-304 7450 Gathering Drive

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 60% of public sector employees being women in 1995.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of women in the lower paid, routine jobs. Another reason is that the public sector has a high proportion of women in the higher paid, professional jobs. A third reason is that the public sector has a high proportion of women in the part-time jobs.

The public sector has also become an important employer of women because of the increasing demand for public services. The demand for public services has increased because of the ageing population, the increasing demand for health care, and the increasing demand for education. The public sector has responded to this demand by increasing the number of people employed in the public sector.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million (1990–1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to older people and the actions that will be taken to improve their lives.

The strategy is based on the following principles: older people should be able to live independently, safely and comfortably; older people should be able to participate in the community; older people should be able to access the services they need; and older people should be able to live in their own homes.

The strategy is a framework for action, which will guide the development of policies and programmes for older people. It is a commitment to older people, which will be reflected in the actions that are taken to improve their lives.

Re: Recently Enacted Legislation (2024)

Date: May 31, 2024

We are providing you with information about new legislation which affects special districts in the State of Florida. House Bill ("HB") 7013 was recently signed into law and will go into effect July 1, 2024.

HB 7013 creates a requirement for special districts, including community development districts ("CDDs"), to prepare and publish a report of goals/objectives, performance measurement standards for such goals/objectives and the results of such goals/objectives. Specifically, **by October 1, 2024**, or by the end of the first full fiscal year after the establishment of a special district, whichever is later, "each special district **must** establish goals and objectives for each program and activity undertaken by the district, as well as performance measures and standards to determine if the district's goals and objectives are being achieved." **By December 1 of each year thereafter** (beginning December 1, 2025), an annual report must be prepared and published on the district's website describing the goals and objectives achieved or failed to be achieved, as well as the performance measures and standards used by the district to make that determination. *District Managers should prepare draft goals/objectives and performance measures and standards for review and adoption by CDD boards at or before the CDD's September board meeting. Boards may ultimately decide to tailor those goals and objectives, as well as the measurement standards for each goal, to their specific CDD.*

HB 7013 also repealed Section 190.047, *Florida Statutes*, which, among other things, required CDDs to hold a referendum at a general election on the question of whether to incorporate after certain requirements were met by the CDD. Effective July 1, 2024, CDDs will no longer be required to conduct such a referendum.

HB 7013 added a number of other provisions that are applicable to special districts. However, CDDs were specifically excluded from those provisions in the text of the new legislation. More detail on the new provisions that do not apply to CDDs is available upon request. Please feel free to contact the District Manager or our office should you have any questions on this new legislation or any other CDD requirements.

Thank you.
